Then you clearly bury your head in the sand when it comes to realizing what the typical voter is. Most people don't actually think for themselves, and I don't mean that in a "if they thought for themselves, they'd agree with me" sort of way. Most people probably couldn't actually tell you WHY they side with Democrats or Republicans. Hell, I bet you most people probably don't line up as closely to "their party" lines as well as they think. But, but, they haeb "democrat" in their naem!! ((8
