Niko "The Lay" wrote on Wed, 22 April 2009 09:52(about all ingame chats)

The format I typed is year-month-day

Chat logs already display hour:minute:second and should remain that way

true, but you have log file only if you are owner/creator of the game or server (renguard got it also)

Renguard doesn't have any log about ingame stuff, only when someone tries to enter the game with "illegal" (unknown) files.
