Goztow wrote on Wed, 22 April 2009 01:03 I've owned the NES, gameboy, Nintendo DS and PS2. But i never played on that PS2: the games are just awful :-S.

My NES was my preferred one, by far.

i was actually considering purchasing ps2 just to play god of war. that game is amazing and i was addicted to it for a while so i kept coming over to my buddies house lol.

i will probably have this urge again when G.O.D 3 comes out, ofcourse it will be for ps3
