ErroR wrote on Fri, 01 May 2009 15:43well, tbh it's kinda stupid to do both: post hack sites, and try to hide hack sytes. It's just like looking for p0rn. Google..

So what else are the forum admins to do? I don't really want to be on a community that thinks it's okay to post hack sites for the game that's already overcrowded with cheaters.
