THis goes to Renegade client section
And it's a script problem. do this:
Quote:-Delete Scripts.dll
-Make a copy of scripts2.dll and rename the copy to scripts.dll
-Deleate d3d8.dll
-Replace bhs.dll with the one attached
Try to launch ren, if it works. Install scripts 3.4.4

File Attachments
1) bhs.dll, downloaded 116 times
