Every game is different, no matter howmany times you played the map. Maybe you "cannot see" the standard maps anymore, i'll play complex another 5000 times.

The thing is Complex is basically the same thing over and over. Nod gets Artys and whore Ref etc.

Maybe on the odd ocasion something else might happen like APC rush etc. But to me Complex is my least favorite standard map.

When ever it is the next map in a rotation I have a 50 percent chance of leaving to doing something else.
