Zack wrote on Fri, 08 May 2009 14:01The only reason I feel it should be legalized is the money that the government can make from it...The US can make a major attempt to get out of their (what was it?) 6 trillion dollar deficit? or whatever it is currently.

That's just my opinion after hearing on the radio that some border patrol agents confesated about \$600,000 worth of marajuana in the desert here...

You don't care about individual liberty... just the tax revenue... nice.
