A Mammy DOES have it's uses - I once watched a Mammy drive over a cliff and SMASH two Artys right underneath it in a perfect landing, not to mention scaring the crap out of the Flame and Light tank immediately behind them... FUNNIEST damned thing I ever saw!

What do I prefer? Well of couse it depends on the situation, but generally I prefer the Medium for unsupported combat. I once headshotted a Sakura on a cliff who later sid he saw the shell coming in the scope - very lucky shot. :twisted:

But whener we've taken the field and I just died blasting away at the Nod base then I'll come back in a Mammy. No subsitute for pure firepower!
