havoc9826 wrote on Sun, 17 May 2009 04:07I attached a quickie video of how the Sole Survivor version behaved. Looks like they didn't bother matching the reload animation to what it looked like in the Renegade alpha/beta videos - it's seems they just used the autorifle's reload animation. Meh.

Easy to do convert that model  
Bone it so its the shotgun  
Edit the hand positions  
Make a new reload and a new firing animation  
ill try and post up a beta footage of renegade

(its in german lol)
