Can you tell me how to get rid of reflections, I like my renegade reflection free.

EDIT nvm, just figured out (put all reflection files to black ftw)

Jezus relax moron.

It was meant to be a joke, but I seriously didn't like the idea of reflections from what I've seen in Scrin's screenshots of reflections, I couldn't tell there were reflections in your screenshots, they fit the vehicle well.

scrin's reflections look like shiny plastic cover
