I'd like some comments on my newest interior, its been quite alot work as you can see

And the music you hear is a Dutch song 'Laat maar waaien'

Here is the video : <http://www.youtube.com/watch?v=4JHaZjM3Rbc>

And some screenshots. I noticed I didn't film the engineers room when it got damaged, you can see it on the 4th screenshot.

(Ofcourse I might release it soon)
