ACK, you're never going to learn are you? People like you are disgusting. You're totally unlikeable, I don't think I've ever seen you post a kind word about anyone. All you do is belittle others, I'm assuming in order to feel better about being so wretched yourself. You stand on everyone else to get to the top of the pile, supported by your little gang of followers, who you ridicule to keep yourself in that position. In turn, they treat everyone below them in the pecking order badly to make themselves feel better.

Does this sound familiar to anyone? If it does it's because it happens almost everywhere in life... it's called bullying. That's what you are ACK, you're nothing more than a schoolyard bully. I expect, like a lot of people, you've been the victim of bullying at some point and now you've become the bully yourself. Most of us have been stepped on by others in our lives, but that's never an excuse to take your frustrations out on others.

Recently, several people have tried to offer you olive branches but each time you've spat back in their faces. It's like you would rather continue arguing than coexist peacefully. Perhaps that's all you know how to do, I don't know, but if you're looking for a confrontation each time you come to these forums, don't bother on my account because I'm not interested in arguing with you anymore. More than anything else, I simply feel sorry for you.

UUMMMHHHH....This is a good arguement.[/quote]
