It's from Green Day's latest album 21st Century Breakdown. The song is called 'East Jesus Nowhere' and I just thought it fit this thread so freaking well, it was scary. It may even answer the original proposed question by Cheesesoda if you listen to the lyrics carefully.

Here, to simplify:

Raise your hands now to testify  
Your confession will be crucified  
You're a sacrificial suicide  
Like a dog that's been sodomized  
Stand up! - All the white boys  
Sit down! - All the black girls  
You're the soldiers of the new world

Put your faith in a miracle  
And it's non-denominational  
Join the choir we will be singing  
In the church of wishful thinking

A fire burns today  
Of blasphemy and genocide  
The sirens of decay  
Will infiltrate the faith fanatics

Oh bless me lord for I have sinned  
It's been a lifetime since I last confessed  
I threw my crutches in "The river  
Of a shadow of doubt"  
And I'll be dressed in my Sunday best

Say a prayer for the family  
Drop a coin for humanity  
Ain't this uniform so flattering?  
I never asked you a God damned thing

A fire burns today  
Of blasphemy and genocide

The sirens of decay  
Will infiltrate the faith fanatics

Don't test me  
Second guess me  
Protest me  
You will disappear

I want to know who's allowed to breed  
All the dogs who never learned to read  
Missionary politicians  
And the cops of a new religion

A fire burns today  
Of blasphemy and genocide  
The sirens of decay  
Will infiltrate the inside
