GoodOneDriver wrote on Tue, 23 June 2009 20:23Heh I remember the good old days 6 years ago, no cheats, no skins, good players, everything running smoothly. Everyone said ns instead of bs, yea those where the days miss them now you can't play a good sniper match with out being called a cheater or getting into a fight and haft the game moderators don't do shit anymore I give renegade 2-3 years

Of course, that's not really the case. People have ALWAYS been sore at games. Everyone says that just to look like they're old pros or something.
