LoL. U know ur local politicians are in trouble when Lary FLint is running for office. I'm just a Canadian, but if I was an American living in California I would be voting Arnold all the way. Considering how bad things are for u guys, how much worst could it get if the Terminator was running ur state? I mean he is a incorruptable killing machine! He could kick a\$\$ no matter what happens, lol. Omg he even won the Mr.Universe competition in 1969! Thats my lucky number! 69! Now I would have to vote for him! Whos this tart that helped California get worst than it was? Whats his name, Greg Davis? Oh he has experience lol, he sure does. Experience in letting Enron rape their employess and investors while he just stood by and shrugged his shoulders. I love how he thinks he did nothing wrong when it was obvious way b4 the scandal broke out that he knew fairly well what was happening. Not that I am trying to pin the whole Enron scandal on him, but he had to know something being in the position that he was and considering the size of a company of that magnitude.
