So its kinda like what happened to n00bstories not too long ago. I don't even know why you guys are worrying, Ren Alert still has to be compiled, so that will take a while, and Arm-Ent will be back up eventually. No big deal. Lefty, remember that prank you guys pulled last year, by saying Ren Realm was closed down By the FBI or something. That scared the shit out of me, but I've learned now.
