Umbral_DelaFlareHello, this is Chris Rubyor.

This user was kind enough to let me use his account to type this message.

EA no longer provides technical support to old and outdated games like Renegade, and has decided to shut down the production of Renegade 2 due to lack of funding for Westwood Studios. Keep in mind that EA will continue the production of other games for your enjoyment, as Westwood Studios is no longer affiliated with EA.

Thank you, and God Bless.

Chris "Delphi" Rubyor.
