Subject: Engineer Script Questions
Posted by Spike on Fri, 15 Aug 2003 05:46:17 GMT

1) Is there a script that would make it so when u went up to an engineer on your team and talked to him, (use) and he would repair you?

2) I tried using the M03_Repair and M03_Target scripts and they worked fine but the nod engineers would repair the gdi ppls when they got hurt and vis versa with the gdi engineers, how would you fix this?

Any help would be much appreciated
