I'm massively impressed with the way things look. The ambiance and general environment is very pleasing. It's like TS but it's not rehashing TS- it actually looks BETTER, and as if the world definitely evolved more, rather than devolving like it looked in C&C3.

Another cool thing to note, we've another trailer to come- it still says 20 hours on the main C&C website. So, we'll probably get a (hopefully) longer trailer detailing different aspects. Chances are the GTTV one was a sort of "prologue" trailer.
