I didn't mind the third-person so much, but there's little dispute that the FMVs are cheesy as fuck.

But pretty much all of the C&C videos were cheesy right from the first game until at least Red Alert 2. I figured that was some of the draw of the franchise, because I found the campyness enjoyable as opposed to other games which are all 'SRS BIZNEZ' in their storylines, and aren't terribly fun.

Arguable. Tiberian Dawn and RA1 managed to be somewhat campy without being over-the-top cheesy like Tiberian Sun or the RTS equivalent of Benny Hill like RA2.
