Either they're ending the current continuous storyline involving Kane (Which I'm pretty sure they are), then doing future C&C's about something else (Possibly in space?), or they're going to then make an FPS or MMORTS series.

Starbuck wrote on Sun, 26 July 2009 06:20I think once they wrap up the storyline, they will move to FPS. That's the sensible thing to do...like what Bungie did with Halo; make 3 FPS games, finish the series, then move on to RTS.

Here's hoping EA does same. This way their fanbase is not split between genres leading to poor cash.

Geez, you've both already forgotten that EA was making and later canceling the FPS "Tiberium" long before C&C4 was even in the works?

Not quite. It's rather easy to foresee EA returning to an FPS series after C&C4 is done.
