hi all together, i found that reason (maybe) i have just downloaded all mappacks from "unrules" and if i have extracted the maps in the data folder i have seen some screenshots and map txt documents i have deleted just all about screenshots and text files... and now i have started RenGuard and it dont show that message anymore lol i found, reason and fixed it >_> or not ?

hmmm i test how it will be to play online maybe some bugs will comes out...
