PLZ HELP!!!!

every time i try to enter a vehicle the game just crashes in missions. PLZ HELP!!! it also happens in online so do not say try online. besides online does not work for me anymore (how i know? it happened b4 i could not even start renegade but the i recently fixed that and i tried it online also crashed so yeah that is how i know) cause it is always blank with the servers so can u help me with that too?

the sticky did not work
