I would also like to see some sort of status update from the TT team. Maybe a podcast or formal post of some sort discussing what's finished, what's being worked on, and what is left. Even an updated list would be better than nothing.

It doesn't really need a release date, but it would also be good to know if we'll see it in a few days, weeks, months, or years. Or if you're unsure, give a range (between a few days to a few weeks, a few weeks to a few months, or a few months to a few years).
