Goztow wrote on Tue, 11 August 2009 13:43 And the censoring concerns swearing. AFAIK the word that's auto replaced there is not a swearword. And as Caveman is also right. It might not be a swearword but it conflicts with this:

Quote:Advertising: forum members can advertise their Renegade or Command and Conquer related community, clan or business via a small line in their signature.

They are not able to do so because of the word being censored.
