There's a bust-up in the ranks at NS, I get asked if exodus can use the name, I said yeah no problem as it wasn't being used, and if it was it seemed to be a reaction to the split to use the name out of spite.

So to make it clear, yes I said they can use the name. Your politics between the communities are your business, i couldn't give a flying fuck what happened or what will happen.

So, they lied to you about whether or not n00bstories was using the nickname. Thanks for clearing that up. I have logs that prove we had a n00bstories Marathon server on that nickname for at least a couple of weeks before that. I keep stats of every server on the RG network going back a few years.

WE lied? HE came to the conclusion it was not being used.

We didnt lie to him in any bit, you're just drawing the WRONG conclusions here.
