#### Tsunami Gaming Network

Xfire would like to congratulate the Tsunami Gaming Network (TSN), Xfire's featured Team! TSN facilitates competitive and casual gaming through democratic leadership and is built on a strong ethical foundation. Offering resources for new and existing clans such as web space, Teamspeak/Ventrilo channels, as well as community events and forums, TSN is highly welcoming and also has a clan of its own. Currently involved in CoD, CS, WoW, and C&C, they're always looking for solid gamers from across the Xfire community. So if this sounds like a community for you, go check out the [Tsunami Gaming Network](#) community page!
