Crimson wrote on Thu, 20 August 2009 18:42TBH you're lucky I even let you post a link to your community's website at all considering you have made zero efforts to remove any confidential leaked information in question from being linked to on your site. It's not all that different from blocking a link to a site that has links to illegal downloads of Renegade and other games.

well there are links for renegade iso here... (plus other stuff that can help cheaters too)
