It's not all that different from blocking a link to a site that has links to illegal downloads of Renegade and other games.

well there are links for renegade iso here... (plus other stuff that can help cheaters too)

No, we're pretty good at getting rid of those links. If we missed something, you should utilize the "report message" link so a moderator can take a look at it.

the way this entire thing was handled makes me wonder about quite a few things

One man's "angry and spiteful" is another man's "firm, but fair". Eye of the beholder and all. Thank you for sharing.
