thx all once again!!

Reaver, nice story! I guess many of them are true...

P.S: Nice skin pawky, but why didn't you change the body a little to look more like the beta

Yeah lol...I think I got too excited and released. It looks good I think but yeah you are right, I should make the helmet and vest more darker and redraw some of the clothing and make em darker. I think I will release a second version and update it here! Thanks for suggestions, m8!
