Unfortunately this domain is registered to Crimson. EA no longer owns this domain and is considered like a fan site, and is owned by Crimson. Crimson can do whatever she wants and ban any other community or persons from this forum since she owns it. I'm not sure why some of you feel like you are entitled to something when this isn't your website, but Crimsons. If Crimson wants to ban everyone and shut down this website, she can.

I find it hilarious that all of you are arguing thinking that you were wronged and feel renforums is discriminating or being biased. If crimson wants to use RenForums to promote n00bstories, then she can since she owns this forum and domain. You, or EA do not own/operate this forum and Crimson can do whatever she wants with it.

If I owned this forum and all of you came into MY forum and attacked me the way you attack Crimson or came to just start trouble, I would simply just ban you since it's MY forum.

NOTE: If there was a contract signed between EA and Crimson in regards of this forum being ran a certain way, then I take back my words. Otherwise get over it people, it isn't your forum.

While i'm not entirely sure whether there was one or not, there is bound to have been some sort of agreement between them.

At the very least, EA will be letting her call these the 'official' forums.
