Ban for voicing an opinion... yet people like madrackz can "waste the air we all need to breathe" all he wants

You may need to take a look at Rocko's overall messages. You'll agree I have been more than patient with him in the past. It's not because he insults someone you don't like, that it should be condoned.

Madrackz has been muted on these forums since about 2 weeks. That's the reason why he asked one of his pityful script kiddy friends to DDOS renforums. For that reason, his account has been permanently banned.

You should try to inform yourself better before typing a comment to something you know nothing about.

I know more about it than you'd think. I don't post much but I've read every single thread on this site. I'm talking about before, when he was allowed to roam freely and troll as he pleased. I've seen rocko's messages and they're pretty funny tbh, but yah know, everything is rene-serious around here.

This is offtopic anyhow. Lets get back to the real issues at hand

Edit: Sure sure, split topics while I'm replying why dont yah
