-SoQ-RadioactiveHell wrote on Tue, 25 August 2009 03:57Its def a waste of space, but the poll kind of misrepresents public opinion by splitting the votes of the non-spam forum voters.
I know, this will be taken in account of course.

One reason for me to get rid of the spam section is that moderators are still forced to read it as any of the non spam related rules still apply in there! In the past, some people were banned because of this.
