kill wrote on Sun, 30 August 2009 00:17dude the ob made me go out and buy ut3 and the nuke pic dont work and the ref and wf to die for but i hope u guys will put smoke on the wf to make it more relastic if not thats cool
overall THIS IS GUNA BE FREAKING SWEET

p.s is there a place i can download ut3?
Using that version of ut3 wont make you able to play multiplayer so it will be boring for you to play by your self. Go buy the game like other people did.
