i really don't hate you. i respect your opinions and enjoy the conversation. so far, i've disagreed with most of your opinions, but please don't mistake our disagreement for hate.

i am by the way working on the resources i said i'd look for. i don't usually have much time on weekends for stuff like this and for the next couple days work is going to be very much like work. so it's coming, just please be patient with me.
