Just because he was found not guilty doesn't mean he's not guilty. If you're so smart, then you should know our court system fails. ALOT

Yes, you're right, it does tend to fail, but usually in cases of racism and sexism and rape and other bullshit. However, when it comes to someone being a pedophile, the court system would do nearly everything in their power to convict them (rather, the people manipulating the court system).

Believe everything you read and take it as fact?

Just curious, where'd you hear MJ was a pedo? Oh, that's right, off the media or read it off somewhere else. Your logic is just as "flawed" as mine. Except, you know, I have more leeway to say I'm right considering the fact that he's been proven innocent time and time again.

TORN wrote on Wed, 09 September 2009 15:43P.S.

I like how all you "smart" and "well informed" people go straight to the name calling.

You started up with incredibly vulgar and bullshit responses. That's like throwing a brick at someone, then when they punch you in the face, you try to sue them for assault.

TORN wrote on Wed, 09 September 2009 15:43 And you can shove whatever "facts" and the not guilty shit in my face all you want.

He was a sick fuck, and for some reason you fags want to stick up for him.

Just curious, did you know him? Did you ever even MEET him? No? Shut the fuck up, then. The media gladly tears people to shreds, and MJ was no exception. I'm not talking about the news, I'm talking about nearly every form of media. He was the headlines all the time and the butt of every joke, 'til he died anyways. I especially like how, again, you say myself and the people defending MJ believe what the media tells us like sheep pretty much, and yet you're sitting here doing the same thing. Dipshit, at least come up with some facts before you spout more bullshit.

TORN wrote on Wed, 09 September 2009 15:43 And saying OJ is a different story. How so?

He was a guilty prick and found not guilty just like MJ.

It's a different story because it's a different story. You know, how like one man can kill a man, another DIDN'T kill a man. They're different stories, how much more simple can it be? If you can't grasp this concept, don't even continue to argue. You're just as bad as someone who condemns a man because his style of life is different from yours.

TORN wrote on Wed, 09 September 2009 15:43 Also, you CAN love a child, but the way he acted with kids just didn't seem right. And stop trying to be funny with your extreme bullshit about beating kids.

Get a real argument.

"Right" is a relative thing. VERY relative. In some cultures, it's seen as "right" to beat the shit out of their kids. In other cultures, it's allowing them to be free and do what they want. So who's right? Oh, of course, you, right?

Yeah, no, that's not how shit works. Get your head out of your ass.

The fact is, MJ had a troubled childhood. Very troubled, moreso than most dipshits who think they do (OMG MY DAD DIDN'T GET ME AN XBOX 360 /CUT). But, he didn't take it out on people. Instead, he decided to do things right, and give children who didn't really have the love of a parent, the very love they lacked. It may have been a tad messed up, but considering everyone around him said he was a very, VERY good father (You can see this if you watch his home videos that were released), I kinda trust the people who knew him more than some dipshit who's convicting a man they don't even know of false allegations people made up to destroy a man solely for his money or for other material gains.

Oh, and as for my "extreme argument", how is it extreme? Here, let me try some of that ad hominem (Mixed in with some facts). The fact is, most people who hate people who love their children, had a troubled childhood, often involving physical abuse from their parents.

I guess it makes sense though, maybe daddy was a bit rough with the dildo on you.
