You've made a lot of CSS/HTML topics. This isn't a chat room you know.

Try using references:

[http://www.w3schools.com/sitemap/sitemap\\_references.asp](http://www.w3schools.com/sitemap/sitemap_references.asp)

<http://htmldog.com/reference/>

Unless you want an actual chatroom, in which case you may want to join #css and #html on [irc.freenode.net](http://irc.freenode.net). There are hundreds of people in each channel to help you out.
