I can't give you a date yet. But I felt it was important for you to know that we have one. We're not comfortable enough about reaching it to tell you what it is and set you up for disappointment. I have been bugging the team for something I can definitely tell you, but nothing has been forthcoming. Most of it is "they wouldn't understand what this means".

I appreciate your patience with us. The guys are working VERY hard on this for the community and I don't want you to lose faith.
