R315r4z0r wrote on Sat, 19 September 2009 09:12 What I found odd about the video is the delay he gets when he kills someone. Like he will get a head shot but the person doesn't die until like a second later.

Probably has something to do with lag or the sound not being completely in sync with the video frames.

with tanks" part? Everyone you shoot stands still LOL

Lol, it's just hilarious, and unique for a video I guess.
