HaTe wrote on Sun, 04 October 2009 15:19 How about if you can't get 10, you go randomly recruit more people who are online at the same time?

how the fuck do random people represent a certain community?

if only 5 people show up on one side, you should just 5v5 em if there is no other option, or just postpone it but that isn't a good idea it seems
