Actually, in the very last mission after you save Sydney if you backtrack to room just before you fall into the tiberium mutant pit, you'll find Heavy Black Hand soldiers using railguns. Once you kill them, Locke sends in one of those reinforcement crates with a ramjet with full ammo in it. You can find the reinforcement crate in that same room that has that Seth guy from Tiberian Dawn frozen in that tube, but only AFTER you save Sydney and AFTER you dispatch the railgun Black Hand. This entire time you have to make sure Sydney doesn't die (Which can get a bit tricky in the Tiberium pit), since if she dies you lose the mission.
