Iran wrote on Mon, 05 October 2009 16:40 Music is shit and the videos are shit.

Lol, if you are trying to make friends on a forum then you are going the wrong way by dissing someone's videos.

By doing that you have already lost my respect.

If you don't like the videos then the best thing to do is not to comment at all. That way you won't look like a complete ass.
