Raven, I appreciate you proving my point about the difference between TT and Jelly; namely how TT goes to such incredible lengths to accommodate people who disagree with us, yet the Jelly community just says "fuck off, it's our decision, get used to it" and insults me for even bringing it up.

Here's what Jelly said on the jelly forum about this...

Jelly wrote People who play here like it, we don't abuse anyone, we moderate well.

We provide a good service to the people who play here. Just because we stopped to run your points fix you spat your dummy and looked for an angle, and found it in your eyes.

We're the only community who actively tries to organise community games on a regular basis, we organise internal tournamnets, we organise 2v2 tournaments. We try to keep people interested in the game and keep ut fun. Yet you choose to publically attack us because we don't like the "fix"? Seriously what the fuck is wrong with you dude?

I've no need to defend myself here or on the renforums, and as I said there, you can seriously fuck right off now.

As you can see, there's absolutely nothing in here defending Jelly's monopoly on the game listings. Just changes the subject and says two things

1. jelly servers are great
2. spoony is "publicly attacking us because we don't like the pointsfix"

point 1: jelly servers are great. i'm not saying otherwise right now. total subject change.

point 2 is the real lunacy. if i disagree with jelly's monopoly, and if i made a pretty good case why it's wrong, i'm "publicly attacking us because we don't like the pointsfix". so not only do you maintain your monopoly, the power you seized in the first place, you belittle legitimate criticism of it. this makes your side weaker, not stronger.
