CarrierII wrote on Tue, 06 October 2009 14:51 How about changing the Points:Credits ratio for certain things...

I'm still of the opinion fixing tanks isn't rewarded enough.

I'd be against that. As for not being rewarded enough, isn't it enough that the tank is being kept alive? APB doesn't give points for anything but unit/vech destruction and building damage/destruction, and they seem to be alright.
