If you all want to play on Sunday that is ok. As for lag I recommend you play one match on an US RGCT server and one match on an EURO RGCT server.

I personally would prefer not to. We all use xwis so it won't be a problem but if some of NE use direct connect, we can probably count on loosing 15 minutes to swap a server.

The swap is a hassle, BUT it's pretty much the only way to guarantee an even match.
