luv2pb wrote on Fri, 16 October 2009 12:08Did you guys have to do anything special to get your extra mouse buttons to work? I have a MXRevolution (<3 this mouse) and Renegade sees all the extra keys as escape buttons for some damn reason. I really want to use my thumb buttons but I can't.

When my mouse installed the drivers it also gave me a configure thing in my start menu. I just went to the configure thingy and set my side button to "V".
