Chew wrote on Fri, 16 October 2009 03:24I'll ask this way... Is this process easy enough for an idiot like me to make guns?
Yes, the modeling of a gun shouldn't be to hard,
if you know how Sketchup works..

I think the Weapon-Hand-Positions and texturing it will take you some time tho...

@ WubWub
By the time I've learned gmax,
I could've made like 3 mods in sketchup already,
if you know what I mean^^
