The irony is the particular powerup spawns you screenshotted are present in all difficulties. And even if what you say is true, it doesn't make you any less wimpy. The fact you know that is far worse than him playing on Recruit LMAO

I kept pretty meticulous records. I started writing up the singleplayer walkthrough for the Renegade Wiki, then had a little hiatus halfway through, then when I came back I had the intention of rewriting it from the beginning but never quite got around to it.

TL;DR I had to know things like that -- I had volunteered to tell others about it.
