Poskov wrote on Sat, 10 October 2009 07:19The stealth VS bots in Renegade needs to be adressed.

Base defences and bots are un-effected by stealth,
as in, you are always seen even if you are stealthed.

Most obvious when you are a SBH in multiplayer practice and encounter the AGT or GDI soldiers.

Please don't forget, according to the ORIGINAL CnC, Guard Tower and Soldiers had sensors/could see stealthed units.
