No. I'm calling people hipster faggots because they like Pepsi. I don't care if their taste is different. They could say "Gee, I don't drink either. I like 7-Up and Dr. Pepper". It's just there's nothing good about Pepsi except a shitty advertising campaign that makes people feel like they're cool, rebellious, and unique for drinking Pepsi (Kind of like the faggy Mac commercials we have here in the US). If you need proof, just look at the link Archerman posted.
